Attn: Town Supervisor - [William D. Reilich](#)

Dear Town Supervisor, Honorable William Reilich:

On this Bicentennial of your esteemed Town charter as Greece, I would like to express the sincere wishes to your townspeople for the tradition and history they epitomize. Transcending the ages, the torch, a beacon of Liberty, equality, and values has been exemplified by your Town.

Over two hundred years ago, on this day, your Town named itself Greece as a small token of recognition of Hellenism and its role in the development and advancement of Humanity. Today, it is my organization's turn to recognize this special day in the history of your Town, on your two-hundred-year celebration.

Philhellenism over two hundred years ago in the America's came to an apex in your blessed town. The names of your schools serve further testament to the continuation of the ideals that have set and defined humanity. Olympia, the cradle of athleticism and truce, the ability to put aside differences and compete for the honor of your kin and to win a crown of olive branches exemplifies that which is virtuous in us.

Last year a group of Hellenes and Philhellenes in Boston, MA to commemorate the 200th anniversary of the Greek War of Independence, hosted on the U.S. Constitution Warship, "Old Ironside", the 200th Anniversary of the Liberation of Hellenes from Slavery of the Turks. It is only fitting our next act a year later is to pay tribute to you and your townspeople.

As a Hellene of the U.S.A. and on behalf of all Hellenes and Philhellenes, Happy Bicentennial and our most sincere wishes for health, advancement, and prosperity with a blessed journey of Life to all.

So subscribed on this 22nd day of March 2022.

Respectfully,

Demetrios Kafkas Esq.
Acting President
